5. Set first meeting date for next year 2016-17.

September 14th at 6:30 PM

It was asked if we need to educate more? It was decided that we are following rules. Questions re: faculty and parent openings.

Other topics discussed:

- Art – it was discussed in one of the last meetings that more of the arts were desired in the school, but finding the funding was difficult. Amanda committed to finding a way. She reviewed what she proposed.
 - 45 minutes every 2-3 weeks
 - Teachers wouldn't have to stay w kids because FTE certified teacher would be hired

- Jaimi Brewer questioned why we aren't hiring 4 aides instead of certified teachers. The group then discussed that quality is what we asked for and that was important. Experience was key as well as continuity per Jerri and Chris. Per Jaimi, Beverly Sorensen only requires school to pay 20%, but it was also revealed that getting that grant was extremely hard and planning with it due to when you receive it made it impossible to plan the next year.
- ½ FTE was voted on and approved by all except Jaimi Brewer and Casey Newton – Motion: 1st Chris Titus, 2nd Bethany Zeyer
