- Amendments/Reallocation of funds - When changes to our plan become necessary or beneficial and funds need to be reallocated, we will meet to discuss these changes as a council. If necessary, we will hold a special session.
- Bylaws - policies created by and for our SCC

5. Midyear Review of current SCE School Land Trust Plan - Data will be available in February or March to help us determine this more fully. Address at future meeting.

- What are the measurable indicators showing us regarding progress?
- Are the various aspects of the current plan effective & leading towards success?
- Are there any corrections or changes that need to take place?

- 4th Grade students are loving the iReady program that they have just begun. The Aides are pushing this into the classrooms, rather than pulling students out like in the other grades. We will determine success by showing growth in iReady scores, guided reading level improvements, and other end of year measurements.

- Fiscal Amounts - How much \$ needs to be allocated for specific items?
- Is there any additional information needed? Can our SCC help gather information needed?
- Are there any specific coordination efforts that may be helpful between our SCC

and school administration to assist in formulating details of the plan? - We discussed helping in Language Arts, PE, and more intervention time for struggling students.
