

# Summer Reading!!

We wanted to make sure you knew that the Silver Crest PTA is sponsoring "America's Battle of the Books" again next year!

All students from 3rd to 6th grade will be put on a team within their class. Between their team of 4-5 students, they will be responsible for reading all 20 of the books on the below reading lists. Once they are put into those teams by their teacher, they will know which of the books they are specifically responsible for reading from the list.

All of the books will be available soon for the kids to check out from the school during their weekly library time next year.

In the spring, teams will battle each other with comprehension questions until we find a schoolwide winning team!

There are lots of awesome prizes available to the kids and it's such a fun program to get

the kids excited about reading and talking about the books!

There will be more information coming home on this and lots of volunteer opportunities- so keep an eye out!

For now, we would love for all of the kids to get a head start and begin by reading

any or all of the books from their grade's reading list that catch their interest!

There's so much time for reading over the summer, these lists are a great place to start!!
