3) Safe Routes

The safe routes committee addressed concern for a crossing guard at Brundisi Way and Herriman Main Street. They also want to keep an eye on the intersection of Fort Herriman Parkway and Black Locust to see if a crossing guard will be needed there in the future.

The district has put up one way signs in drop off lanes to direct traffic. It has been brought up to the district that we would like to move the jersey barriers and to bring someone in to improve traffic flow on Elementary Dr.

4) Teacher Survey Results

The survey was sent out and 28 responded. 50% said that they felt the specials assistants were the most important, followed by the music teacher. The least important was IXL however it was brought to our attention that lower grades don't use the program. Overall, the consensus was that hiring people (grade level aides, reading aides, and specials aides) was a need that most teachers wanted.

5) Land Trust spending for 2023-2024

Continuing with paying reading, STEM and PE assistants, 20% of music teacher salary, IXL fee, and providing one more grade level aide. Put a clause for any remaining funds to be towards Chromebooks

6) Agenda Items for next meeting 2/28/23 @ 6:00pm

Finalize Land Trust

7) Adjourn

Motion Ann Pessetto
