1. Approval of minutes from November 13, 2014 meeting
Bethany motion, second by Jerri, approved by all.

2. Safe Walking Route plan for the 2015-2016 school year

The council looked at the written text descriptions and the map. We also discussed any other concerns. It was mentioned that the neighborhood north of 12600 S. will need to be worked on as we have more people move up in that area.

3. School Pictures

Since Lifetouch will make the adjustments we asked about and are excited to keep our business we are going to keep them as our picture provider.

4. Emergency Kits

Emergency kit containers were discussed and Bethany, Matt and Amanda were going to continue to find something lightweight, on wheels and big enough to carry what we need. We will also ask the PTA if they can supplement the money needed to purchase the containers for the kits. We are aiming for the end of the month to have them assembled, if we can find appropriate containers.

5. School Goals and Land Trust funding for next year

We had a brief discussion about the following options for Land Trust funding for next year. Members asked for Data regarding the different spending items and that will be ready for our next meeting, possibly emailed sooner. A concern was brought up regarding gifted/talented students and being sure we are challenging them as well as supporting those who struggle academically.
