Wednesday, November 14th	Tuesday, February 12th
Tuesday, January 15th	Wednesday, March 13th
- Ann Pessetto reviewed the District Wellness Policy. Structured recess is being implemented at the school and was explained to the committee. PE time will be held approximately 2 times every 3 weeks.

- School Boundary Changes were discussed and concerns raised by several parents regarding those changes. Our school board representative, Darrell Robinson attended this portion of our meeting. Several discussion points were made including the hazards of children crossing over 12600 S. if moved to Bastian Elementary and the potential of children being pulled back into Silver Crest Elementary boundaries due to projected declining numbers over the next several years. Darrell Robinson suggested it would be best to act as a cohesive body, be clear on what the concerns were, and offer possible solutions for the board to look at. It was decided by the committee to form a sub-committee chaired by Kelsey Hoskins to gather parents together and draft a letter to the Jordan District School Board to discuss these concerns. The letter will be presented to the parents serving on SCC for review before submission.

- The current safe walking routes were discussed. The maps distributed to parents outlining these safe walking routes were incorrect. There are potential issues with children not using the crosswalk on the northeast corner of the school. Discussion with the crossing guard there provided feedback that the move of this crosswalk was an improvement. Future discussion on the potential need for 2 crossing guards at that intersection may be needed. Follow up with the city on the flashing school signal facing Rose Blvd. from Herriman Main Street needs to happen in our discussions this year regarding the SNAP plan.

- The Land Trust Plan for 2018-19 was reviewed for new members of the committee.

- Agenda items for the next meeting:
 - Review and evaluate current Land Trust Plan
 - Teacher Surveys
 - Evaluate academic growth & Assess Data
 - Form sub-committees
